

## COVID-19 Update – 31st of August 2021

Federation Mining has prepared a detailed COVID 19 Management plan to ensure the safety of our people and the community under Alert 3 restrictions at our Snowy River Mine site.

Our COVID 19 management plan which has been communicated to our workforce outlines QR code check ins, strict hygiene protocols, pre shift temperature checking and health checks, staggered shift starts, social distancing, restriction on the number of people able to travel in vehicles, mandatory mask usage and enhanced cleaning arrangements of equipment and amenities. Some of our staff will continue to work from home to minimise the number of people onsite.

We have provided a copy of our COVID 19 management plan to New Zealand WorkSafe and will continue to review and monitor our arrangements continuously.

*Federation Mining maintains a Community Contact & Complaints Line +64 3 732 7028.*

### About Federation Mining

Federation Mining is an Australian incorporated company established by Mark Le Messurier and Jim Askew to build a new gold mining company. Federation will pursue opportunities where it is able to apply its expertise and experience in the development and management of mining projects across a range of regions with a strong focus on Sustainability.
